

***Hoosier Classic Sale Company LLC is now accepting entry applications for the upcoming 2023 auction season.***

The annual "Hoosier Classic Indy" sale has become a long standing tradition in Indiana and has played a pivotal role in the Indiana racing industry since 1998.

Quality catalogues, up-to-date online pedigrees, live streaming, and first class sale day facilities are just a few things consignors and buyers alike have come to expect at the Hoosier Classic Select Sale. The select sale format assures our customers of a quality catalogue thus attracting top owners and trainers in the industry. As a result we will continue selling yearlings selected from a list of applicants based on pedigree, confirmation, and management.

***While we have not considered staking to be a prerequisite to be accepted in the past, please know we expect every accepted yearling to be staked to additional events. For a minimal investment you can make your yearling more marketable to a serious buyer. A minimum of five (5) Grand Circuit events is highly recommended.***

Unlike any other auction company, those consigning with any Hoosier Classic Sale Company event have the unique opportunity to receive 50% of their net sales, less outstanding fees at the conclusion of the sale. You receive a check on sale day! The balance, less any outstanding fees, is paid in 30 days. Restrictions apply.
